## 5. Page after the password is reset

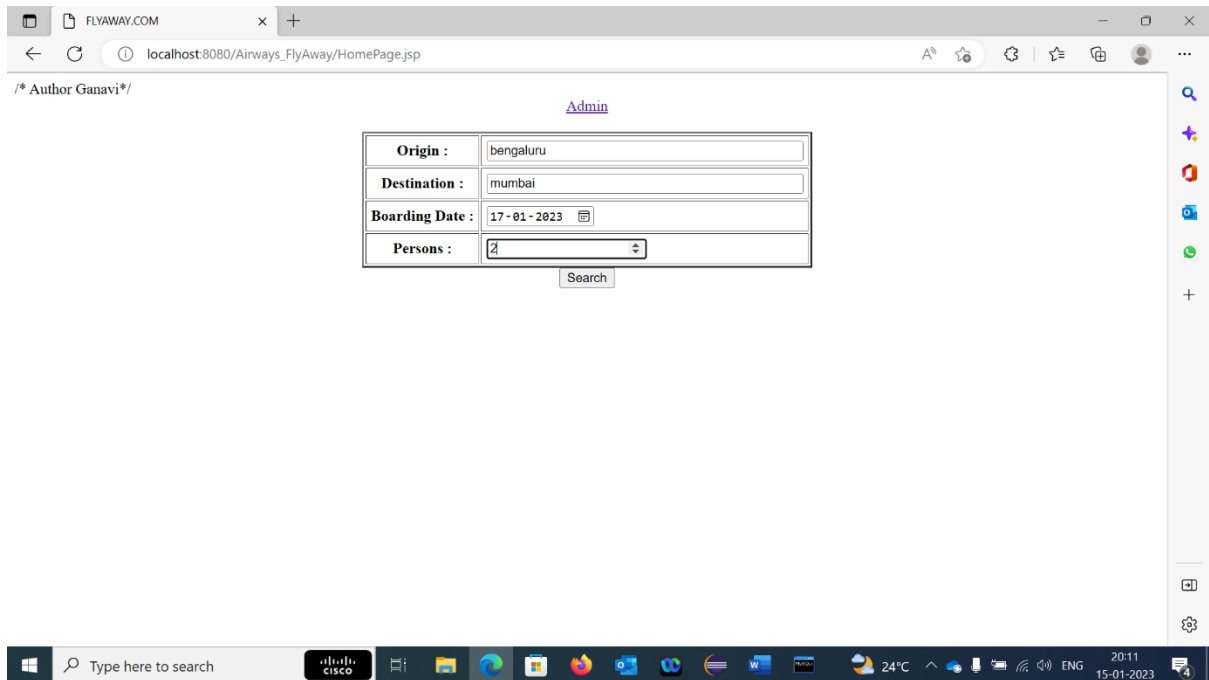

## 6. Page showing all flights details to the admin

## 7. User Section:

User can search for the flight he needs to travel

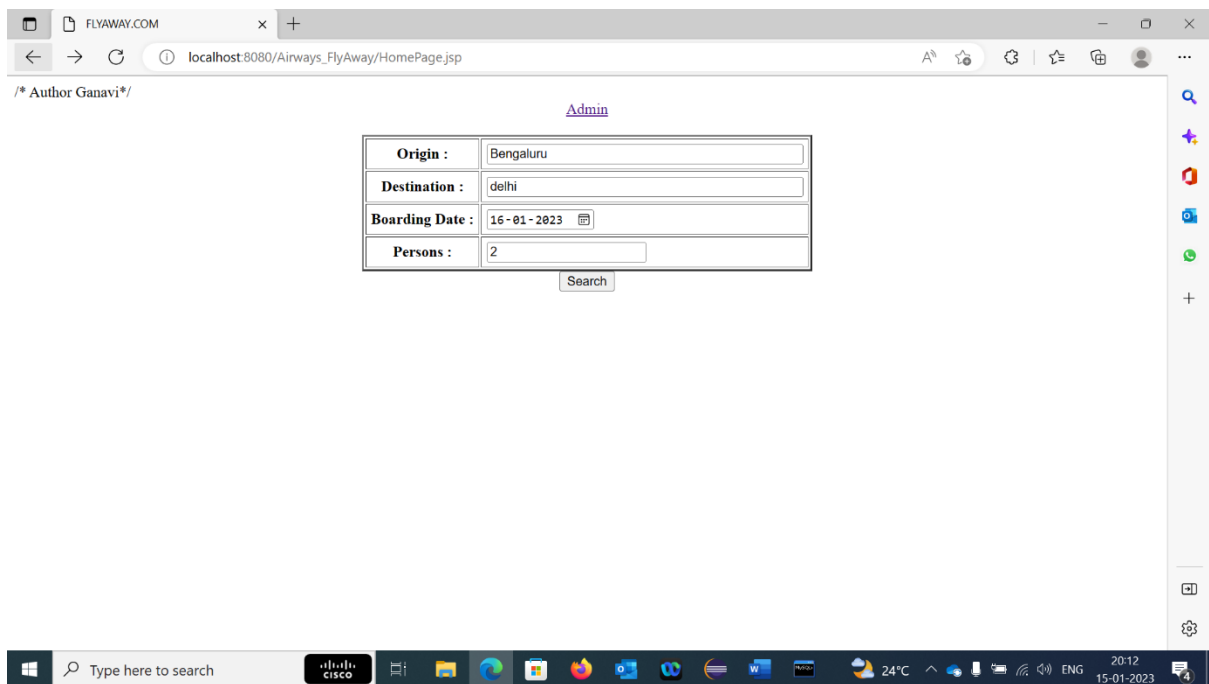

The screenshot shows a web browser window with the URL `localhost:8080/Airways_FlyAway/HomePage.jsp`. The page contains a search form with the following fields:

Origin :	bengaluru
Destination :	mumbai
Boarding Date :	17-01-2023
Persons :	2

Below the form is a "Search" button. The browser's address bar and taskbar are visible at the bottom.

Enter the origin and destination to know the flight details

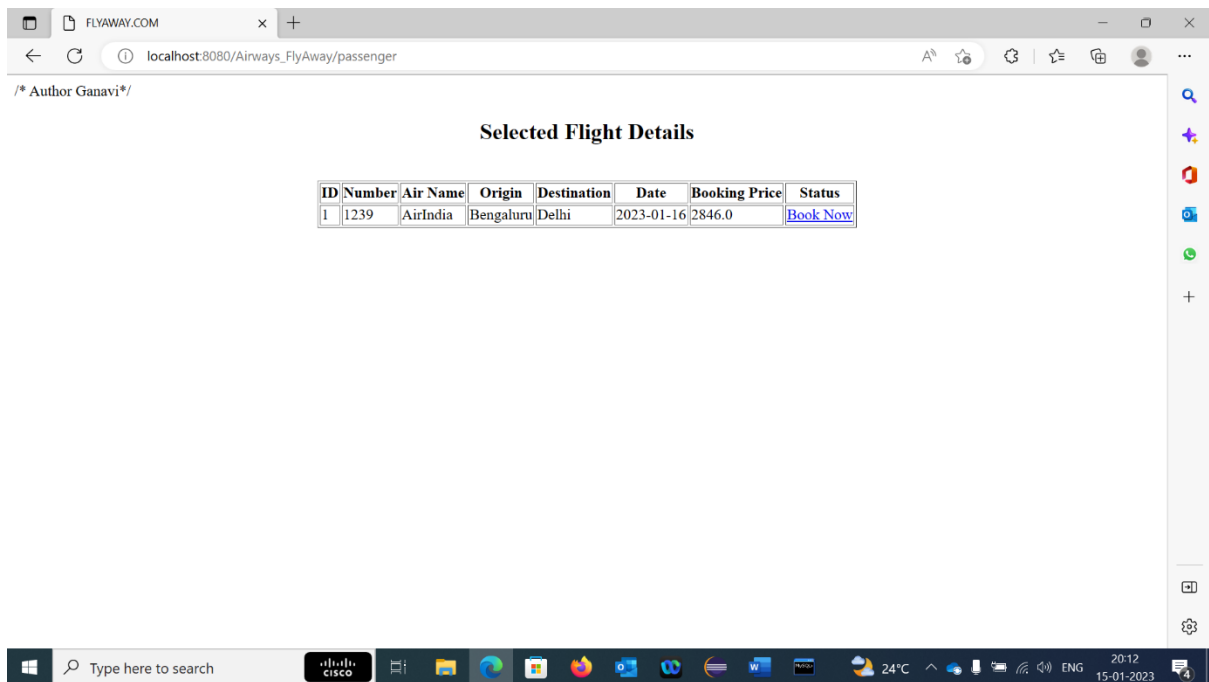

The screenshot shows the same web browser window as above, but with the search form fields updated:

Origin :	Bengaluru
Destination :	delhi
Boarding Date :	16-01-2023
Persons :	2

The "Search" button remains below the form. The browser's address bar and taskbar are visible at the bottom.

Review the available flight to the customer and he book the flight according to this requirements

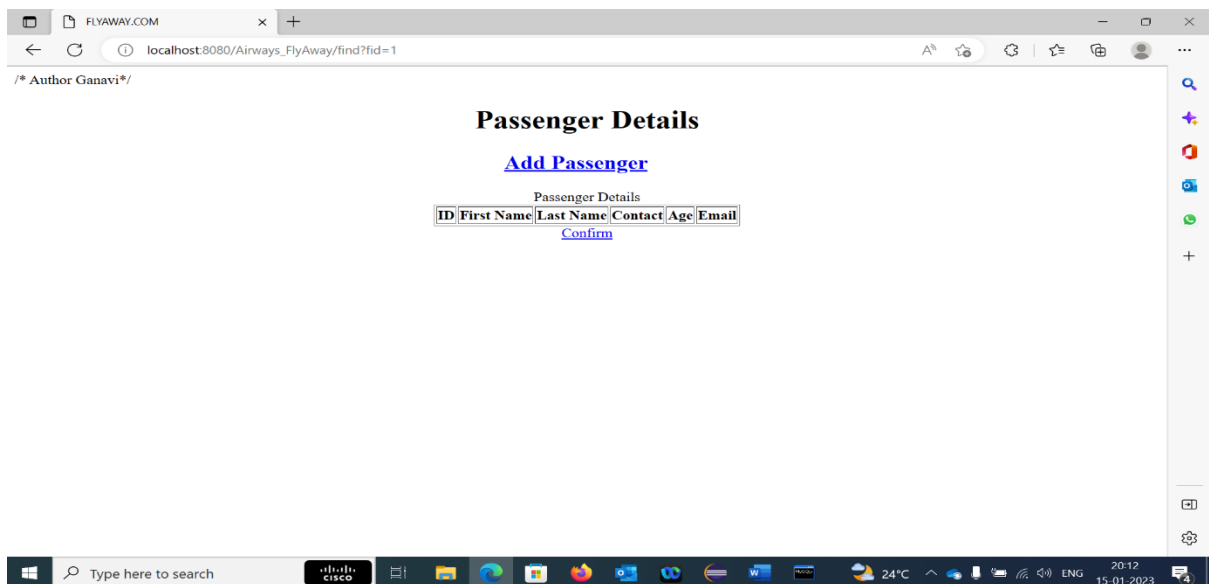

The screenshot shows a web browser window with the address bar displaying 'localhost:8080/Airways\_FlyAway/passenger'. The page content includes a table titled 'Selected Flight Details' with the following data:

ID	Number	Air Name	Origin	Destination	Date	Booking Price	Status
1	1239	AirIndia	Bengaluru	Delhi	2023-01-16	2846.0	<a href="#">Book Now</a>

The browser's taskbar at the bottom shows the Windows search bar, several application icons, and system tray information including the date '15-01-2023' and time '20:12'.

## 8. Add passenger

The screenshot shows a web browser window with the address bar displaying 'localhost:8080/Airways\_FlyAway/find?fid=1'. The page content includes a section titled 'Passenger Details' with a link to 'Add Passenger'. Below this is a table for entering passenger information:

ID	First Name	Last Name	Contact	Age	Email
<a href="#">Confirm</a>					

The browser's taskbar at the bottom shows the Windows search bar, several application icons, and system tray information including the date '15-01-2023' and time '20:12'.
